CALIFORNIANS participated in their first Presidential Election in 1852. The statewide returns of that election are pictured on the cover. The first four Presidential Electors—Sherman, Henley, Gregory and Pico—supported Franklin Pierce, who defeated General Winfield Scott, his Whig opponent by over 4,000 votes. Statewide election returns dating from 1849 comprise a significant part of the over 50,000 cubic feet of state government records maintained by the California State Archives, a division of the Office of the Secretary of State.

PREFACE

This Supplement to the Statement of Vote is prepared and issued pursuant to Elections Code Section 17122.

I wish to thank those many individuals who assisted in compiling, proofing, editing and printing this document with detailed vote information.

MARCH FONG EU
Secretary of State

NOTE

Los Angeles - did not apportion their absentee vote back to Equalization district.

Sacramento - did not apportion their federal overseas absentee vote back to Congressional, Senate or Assembly district. Therefore the number of votes received by each candidate and for and against each measure in each such district in the county is understated by an amount, which although not known, is not greater than the number of absentee votes cast in the county.

CALIFORNIANS participated in their first Presidential Election in 1852. The statewide returns of that election are pictured on the cover. The first four Presidential Electors—Sherman, Henley, Gregory and Pico—supported Franklin Pierce, who defeated General Winfield Scott, his Whig opponent by over 4,000 votes. Statewide election returns dating from 1849 comprise a significant part of the over 50,000 cubic feet of state government records maintained by the California State Archives, a division of the Office of the Secretary of State.
