NINETEENTH CENTURY BALLOTS in California were considerably different from those we use today. They varied from the simple scrap of paper with handwritten names, cast in the 1849 election, to reproductions of candidates and slogans which topped the party tickets in 1890.

This selection of party ballots is from the collection of the California State Archives, a division of the Office of the Secretary of State. The ballots from Klamath County may be of special interest. The county was created from the northern half of Trinity County in 1851 and dissolved 13 years later.

NINETEENTH CENTURY BALLOTS in California were considerably different from those we use today. They varied from the simple scrap of paper with handwritten names, cast in the 1849 election, to reproductions of candidates and slogans which topped the party tickets in 1890.

This selection of party ballots is from the collection of the California State Archives, a division of the Office of the Secretary of State. The ballots from Klamath County may be of special interest. The county was created from the northern half of Trinity County in 1851 and dissolved 13 years later.
